WHAT CORN TO PLANT.

The corn exhibit held in the News office last Saturday was a pleasant as well as profitable occasion. It brought together a few of the interested corn growers, who had an opportunity to examine a number of specimens of corn grown last year—the good and the bad—the large and the small, and to hear an interesting talk from Mr. Lawson on the main points necessary for an ear of show corn to possess. The question of most importance is, however, still unsettled, viz: "What kind of corn shall I plant this year?" and this question must be settled at once. After hearing and reading, and looking around, the conclusion seems to be, "plant the best seed possible, which has been successfully grown in your own community. A new seed from another state, or even from a different section of this state, would require several years, perhaps to become acclimated, and might fail to mature here. Select the largest ears with deep grain and smallest cob, unmixed, and plant this, and try to select the best each year. Of the various samples from other states collected, none of it is equal in firmness to the corn grown in Tazewell, but Tazewell corn is dreadfully mixed and ragged, as compared with pure bred seed.

Above all things, don't plant a sorry corn that is running out. Apply same principle as in raising stock of any kind. The best is none too good.

WHAT HAS BECOME OF IT?

We mean the meat boycott. A great spluttering was made some months ago by different organizations, unions, societies, etc., what they were going to do to the beef trusts, cold storage people, et al., which resulted, so far as we can see, in the rise, rather than the fall of the price of meat. Even local butchers showed what they could do, and in some instances, raised the price of beef. To go up against a trust in hope of "busting" it means something, and so far every effort in this direction has failed. A change in trade and business conditions by which wages shall increase to meet increase in cost of the necessities of life, is sadly needed. Unfortunately for the working classes and consumers generally, trade conditions are in the hands of men who want no change.

GET OUT OF TOWN.

If a man can't get work in town he can get out in the country and find work. This beautiful weather is a call to every idle man to get out and go at it. This weather may not continue unbroken, but spring is here, and no man should loaf around on the street with his mouth open, waiting for something to drop in. The prospect now is for scant work in town this summer for mechanics and men who look for days work. The country calls for out in the open and make a living for yourself and family. At least, make a good garden somewhere. Rent a lot, if nothing else, and grow something. Don't loaf.

The opinion is freely expressed in Washington by Republican representatives that unless the tide is changed in some way the next House of Representatives will have a democratic majority. The entire west is said to be in a "brown study" over the tariff the high cost of living, and other things which the republican representatives are unable to satisfactorily explain. It is well for the people in Southwest Virginia to remember that Representative Slemph has opposed vigorously every effort at a reduction of the tariff, and has been silent when reforms were suggested towards the making of life more bearable under existing conditions.

tions for the man who has to depend upon his labor for a living for himself and family.

Speaker Cannon of the House of Representatives has at last met his Waterloo, in being turned out of the House Rules Committee by the combined efforts of the Democrats and insurgent republicans. The fight against Cannon is only the beginning of the end of Cannon, Aldrich and other members of the House, who have dominated affairs in Washington for several years, and have blocked and killed legislation that was intended to aid the masses of the people.

LET THE CAMPAIGN BE
CLEAN

The campaign now on in the Ninth, promises to be warm, and vigorous. The Republicans will not relinquish their grip on the district except forced to do so and will put up all the fight that is in them and experience has shown that when they unlimber and go at it they can make a good fight. This contest between Mr. Slemph and Mr. Stuart should be conducted on a high plane. No dirt-throwing or mud-slinging should be tolerated on either side. If nobody begins it there'll be none. Each man stands, or should stand, on his own record and merits. As Mr. Slemph has been in Congress for several terms it is incumbent upon him to show to the people wherein he has made a good and useful representative, and we shall insist that Mr. Slemph "show his hand." What has he been able to do in the way of inaugurating good and needed legislation on the one hand, or of staying off and preventing bad legislation, on the other? What is the record? The same with Mr. Stuart. He will be called upon to face and stand by his record as a member of the Constitutional Convention and of the Corporation Commission. Let the campaign be waged along these proper lines.

TIME NOW TO BEGIN

Not more than six weeks remain in which to register in order to vote in the November election. This time will go by before you know it. See to it that your name is properly placed on the registration books. It is the solemn and bounden duty of every man to vote who can, and everybody can who chooses to do so. The county organization "is getting ready" to put things in shape. It is to be feared that some of the Democrats will spend too much time in "getting ready." It is very necessary to get "ready" but more important to begin. There are a number of Democrats in this county whose names are not on the registrars list, and others who are just coming of voting age. The County Committee and workers should be at work night and day.

THE WEEK'S NEWS
AT TANNERSVILLE

Tannersville, Mar. 21.—We have been having some fine weather since March came in, and several families have taken advantage of it and have been doing quite a lot of moving.

Haytor French, who has been living on James Necessary's farm, at Flat Top has moved to Little Valley. Mr. Necessary having sold his farm to R. E. Abel who was to take possession the first of March, he having sold his farm to his brother, John Abel. Robert Brewster then moved to the house on W. E. Hill's place, vacated by Mr. Abel. James Patrick, though, bid the valley adieu and has gone to Will A. Thompson's farm to try the realities of Thompson Valley for a while.

Your correspondent neglected to mention before that Holmes and Brown, dealers in general merchandise here, have dissolved partnership, Holmes purchasing the entire stock and Brown retiring to his farm in Little Valley.

Neel Brothers are doing some nice work at their saw mill, which is now on John A. Neel's lower farm, generally known as the "Turley Place."

The people at this place, it seems, are returning to the farm. A few years ago you could scarcely see a "clearing," now it is almost impossible to see farm without a "new" ground. The farmers are also going back to the old time log rollings, grubbing, too. There has been from twelve to fifteen within the past year in this neighborhood.

E. H. Warner and family and Miss Pearl Neel, of Asbury's, passed through the valley one day last week on their way home from Florida, where they had been spending a few weeks.

J. P. Holmes has been in Bristol recently purchasing his new stock of goods.

Messrs. James, Miller and Luther Necessary and John Taylor, who have been spending a few days at home, have returned to West Virginia, where they have been working for sometime.

Miss Joysie Gross, of Maxwell, has been visiting Miss Caldwell.

Miss Florence Caldwell has closed her school at Laurel Branch and expects to start to Harrisonburg on the 25th, to attend the summer school there.

Mrs. Elizabeth Rhudy, of Thompson Valley, is visiting her daughter, Mrs. W. E. Hill, at present.

Mrs. Millard Brown has been quite sick for sometime, but is much better at this writing.

Mr. and Mrs. William Brewster, Mr. and Mrs. George Holmes have new boarders—a girl and a boy.

The Beggar.

He had a little organ there, the
which I watched him grind; and oft
he cried, as in despair "Please help
me—I am blind!" I muttered, as
his music rose: He plays in fright-
ful luck!" And then I went down
in my clothes, and gave him half a
buck A friend came rushing up just
then and said: "You make me ache
You are the easiest of men—that
beggar is a fake! The fraud has
money salted down—more than
you'll ever earn; he owns a business
block in town, and he has farms to
burn." I answered: "Though the
beggar owns a bank roll large and
fat, I don't regret the half a buck I
threw into his hat. I see a man who
looks as though the world had used
him bad; it sets my jaded heart
aglow to give him half a buck. And
though that beggar man may be the
worst old fraud about, that makes
no sort of odds to me, that isn't my
lookout. I'll stake Tom, Harry,
Dick or Jack, whenever he comes my
way; my conscience pats me on the
back and says that I'm O. K. But if
a busted pilgrim came to work me
in distress and I inquired his age
and name, his pastors street address
and asked to see the documents to
prove he told no lies, before I loosen-
ed up ten cents, my conscience would
arise and prod me till I couldn't
sleep or eat a grown man's meal, and
so the beggar man may keep that
section of wheel!"

Don't Be Bald
Almost Any One May Secure a
Splendid Growth of Hair.

You can easily find out for your-
self if your hair needs nourishment,
if it is thinning, getting dry, harsh
and brittle, or splitting at the ends.
You simply have to pull a hair from
the top of your head and closely ex-
amine its root. If the bulb is plump
and rosy it is all right; if it is white
and shrunken your hair is diseased
and needs nourishment.

We have a remedy for hair trou-
bles that cannot be surpassed. It
has a record of growing hair and cur-
ing baldness in 93 out of 100 cases
where used according to directions for
a reasonable length of time. It will
even grow hair on bald heads if the
scalp is not glazed and shiny. That
may seem like a strong statement—
it is, and we mean it to be and no
one should doubt it until they have
put our claims to an actual test.

We are so sure that Rexall "93"
Hair Tonic will completely eradicate
dandruff, prevent baldness, stimulate
the scalp and hair roots, stop falling
hair and grow new hair, that we per-
sonally give our positive guarantee
to refund every penny paid us for
Rexall "93" Hair Tonic in every in-
stance where it does not do as we
claim or fails to give entire satisfac-
tion to the user.

Rexall "93" Hair Tonic is as
pleasant to use as clear spring water.
It is perfumed with a pleasant odor,
and does not grease or gum the hair.
We have it in two sizes, prices 50
cents and \$1.00. We urge you to try
Rexall "93" Hair Tonic on our re-
commendation and with our guaran-
tee back of it. You certainly take
no risk. Remember, you can obtain
Rexall Remedies in Tazewell only
at our store,—The Rexall Store, Jno.

The Most For Your
FURS

Have been buying furs for
more than 25 years and know
furs when I see them. I have
been and am still paying as
much or more for furs than any
buyer in Southwest Virginia
shipping to the eastern markets
and if you want the most money
and liberal grades don't fail to
see me before selling your furs.
Most of the fur men know me

Are you frequently hoarse? Do you
have that annoying tickling in your
throat? Does your cough annoy you
at night, and do you raise mucous in
the morning? Do you want relief? If
so, take Chamberlain's Cough Remedy
and you will be pleased. Sold by all
dealers.

One trouble with a word spoken in
haste is that an ink eraser has no
effect on it.

At this time of the year you must be
careful not to allow a coal to drag on
from day to day. Take some good,
reliable remedy, that you may be sure
will stop the cold and relieve the cough.
There is nothing better known than
Beech's Laxative Cough Syrup. It drives
the cold from the system and at the
same time it heals irritation of the
throat. Children like it. It is sold by
Jno. E. Jackson.

Rev. P. H. Chelf, representing
the interests of the Baptist Orphanage
at Salem, Va. will preach in the
Baptist church next Sunday morning at
11 o'clock. Mr. Chelf is said to be a
fine preacher, and it is hoped that he
will have a large crowd to hear him.
The members of the Baptist congrega-
tion are earnestly requested to attend
as an important matter connected with
the church will be brought up for con-
sideration at the close of the service.

At night Mr. Chelf will give an il-
lustrated lecture on the Orphanage
He has a fine set of stereoscopic pic-
tures which he will show, and every-
one who attends will enjoy them. The
lecture is free, but a collection may be
taken at free close.

Mr. Chelf will give his illustrated
lecture on Monday night at Liberty, in

all remedies for years. "It was most
troublesome at night," he writes, "not-
thing helped me till I used Dr.
King's New Discovery which cured me
completely. I never cough at night
now." Millions know its matchless
merit for stubborn colds, obstinate
coughs; sore lungs, lagrippe, asthma,
hemorrhage, croup, whooping cough,
or hayfever. It relieves quickly and
never fails to satisfy. A trial convin-
ces. 50c, \$1.00. Trial bottle free.
It's positively guaranteed by Jno. E.

Some people are so careful of their
virtues that they never use them.

Fully nine out of every ten cases of
rheumatism is simply rheumatism of
the muscles due to cold or damp, or
chronic rheumatism, neither of which
require any internal treatment. All
that is needed to afford relief is the
free application of Chamberlain's Lin-
iment. Give it a trial. You are cer-
tain to be pleased with the quick relief
which it affords. Sold by all dealers.

What Backache Means

Generally backache means that the
kidneys are diseased. If they are, do
not waste a moment, but begin at
once a treatment with Kidneys, the
greatest of kidney and backache re-
medies. Delay may mean a fatal ending,
so do not delay. Druggists and dealers
sell Kidneys at 50c a box, and guarantee
satisfactory results.

Why Suffer?

Are you one of the thousands of women who
suffer from female ailments? If so, don't be discour-
aged, go to your druggist and get a bottle of Wine of
Cardui. On the wrapper are full directions for use.
During the last half century, Cardui has been
established in thousands of homes, as a safe remedy
for pain which only women endure. It is reliable,
contains no harmful ingredients and can be depend-

Mrs. Charles Bragg, of Sweetser, Ind., tried Cardui. She
writes: "Tongue cannot tell how much Cardui has done for me.
Before I began taking Cardui I could not do a day's work. I
would work awhile and lie down. I shall always give praise to your
medicine." Try Cardui.
